

Hover

DeskMakers
Be Enabled

Hover is your complete solution for adjustable-height workspaces. Hover adjustable-height workspaces can be integrated into all of DeskMakers casegoods lines, our TeamWorx desking line, and stand-alone workstations. Hover Benching provides power distribution and cable management for adjustable-height benching environments.

Power Distribution

Power and data cables are neatly tucked away inside the trough and are easily accessible via a piano-hinged door.

Hover offers an 8-wire/4-circuit system that is UL-listed. One circuit can be centrally controlled in accordance with CA Title 24 and other local regulations.

Power, data, and video connections can be brought to the worksurface using pass-through grommets or desk-mounted electrical grommets.

Base Finishes

Some finishes have a 10% upcharge. Call for details.

Hover Bases

Type A: available in electric or pneumatic, 2- or 3-leg setups, 12 finishes, Made in USA.
