Abrasion resistance (ASTM D4157)	250,000 double rubs - cotton duck
Flammability	
State of CA. Tech. Bulletin, 117 SEC. E	passes
UFAC / NFPA 260	class 1

Colors may vary slightly between dye lots. These are directional fabrics. Application testing of these products is recommended.

Terratex® is a registered trademark of True Textiles, Inc. and designates fabrics that are made from 100% recycled or compostable material using increasingly sustainable manufacturing practices to produce a high quality product that is recyclable at the end of its useful life. www.terratex.com

CO₂ emissions from 100% of the electricity used by the manufacturer to produce this product have been measured and offset in accordance with The CarbonNeutral Protocol. CarbonNeutral.com

BLOCKaide™ BLOCKaide is a durable water and oil resistant treatment formulated for commercial interior fabrics. Liquid spills will bead up on the surface of the fabric so that they can be removed before they stain the fibers.
