

Our advanced-series sit-stand desktop workstations are compact, modern and easy to use. The aluminum build, futuristic look, and streamlined design differentiates the M1, M2, M3, M4 from other poor quality products. Instead of selecting from pre-determined heights, you can easily adjust the standing desk to match your exact height requirements. Keyboard tray allows for negative tilting, keeping your wrists in a neutral position. These workstations are cost-effective ergonomic solutions that turn your desk into a sit-stand workspace with ease.

FEATURES

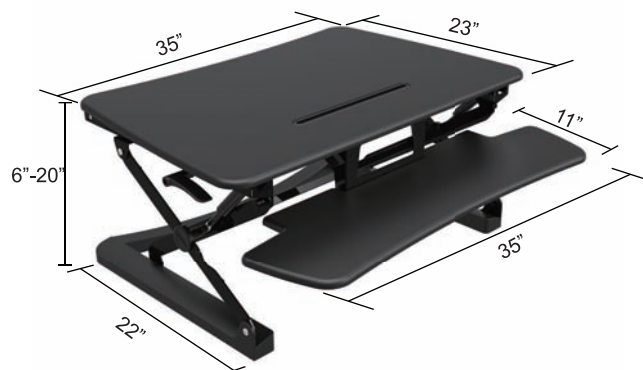

- Simply raise or lower the platform with one touch of the lever.
- Advanced gas spring mechanism adjusts the standing desk to match your exact height requirements.
- Separate keyboard/mouse deck elevates your screens to your eye level.
- Attach the keyboard with a one step assembly. Easily remove it anytime.
- The compact design lets you make the most out of your desk area and it's easy to integrate it into your current layout.
- Keyboard tray allows for negative tilting, keeping your wrists in a neutral position.
- Support groove on surface displays smart phones or tablets.
