FURNITURE

Adaptable Personality.

Create a contemporary foundation with Gesso, a casegood series defined by its versatility, modularity, elegant horizontal planes and light scaling. Layered components adapt to a variety of work styles. This managerial configuration maximizes storage and provides ample surface area for active work.

Right: Artisan Walnut with Canvas White Zebrine laminate hutches and Chrome Flair pulls. Carnegie Genome Embroider 6727-813 tackboard. Bailey Guest Seating in Caregie Dazzle 6086-66.

Cover: Tavern Teak with Chrome Flair pulls. Concertex Trapeze Coast tackboard.

Approachable Style.

An open-minded managerial configuration with a lean, linear form features a tapered peninsula work station with a post leg, a full L-shelf, and an end cap bookcase. Components can be oriented right or left. Customize the look with a selection of four edge details and nine pull options in two colors. Specify fabric or dry erase work walls; accessories include phone holders, file sorters, and letter and accessory trays.

Left: Tavern Teak with Aluminum Flair pulls. Concertex Trapeze Coast tackboard. Bailey in Carnegie Dazzle 6086-66.

Below: Tavern Teak with Aluminum Flair pulls. Toby Guest Seating in white.

For collaborative tasking, place freestanding media peninsulas with monitor arms in community work zones. When power ports are specified, cords are whisked away through the built in trough but fully accessible when needed behind a removable panel.

Refined Composition.

Offered in walnut, cherry, oak, maple, and several composite veneer finishes, Gesso also brushes up the aesthetics with sophisticated laminate, high-gloss acrylic, and metallic details. An executive office commands attention with a stepped-front desk and tall overhead storage featuring a wall-mount hutch with optional chrome paper slot dividers, with high-gloss acrylic doors.

Right: Chanel Driftwood with Graphite high gloss acrylic doors and modesty panel and Chrome Alcove pulls. Tackboard and Britta guest seating in Concertex Trapeze Coast.

Dynamic Functionality.

To compose the ultimate team space, select from worktables at bar height, counter height or desk height - available in 24", 36", 42", and 48" widths and 60", 72", 84", and 96" lengths. Build a work wall area with components such as a 24" deep worktable, double wardrobe storage with adjustable shelves or a coat rod, towers with paper slots, and floating shelves.

Left: Fawn Oak with Chrome Flair pulls and White Zebrine work surfaces and Canvas Gallery Screens and Floating Shelves. Joy Task Swivel in Concertex Drive Fresh and Toby Barstools in White.

Below: Fawn Oak with Chrome Flair pulls and tackboard in Carnegie Genome Embroider 6727-813. Clutch swivel in Green Hides Sierra White.

Worktables have dual modesty panels that provide wire management. Power-up worktables with built-in data ports and/or wireless charge spots for tablets and smartphones.

Private offices do not run short on storage or style with a recessed desk front, a tall wall-mount hutch and a tackboard upholstered in a user specified fabric.

Inspired Ease.

Gesso desks, bridges, returns, and most credenzas pair ergonomics and productivity through beautifully incorporated sit-to-stand mechanisms. Tops raise to 42" with pinch-free mechanics and optional wire management. To add glamour, select from four high-gloss acrylic door color options.

Right: Dark Forest Walnut with Wired Mercury high gloss acrylic doors, Pearl White Canvas L-shelf and Chrome Flair pulls. Tackboard in Carnegie Maxwell Steet 6416-12.

Durable Beauty.

Configure team stations and shared work environments that are as handsome as they are comfortable and practical. Specify wall-mounted storage with paper slots and sliding, hinged or open hutches. Hutch doors in veneer, metallic framed acrylic, dry erase, or high-gloss acrylic. Wardrobe storage can help divide spaces. Bench-height credenzas add layered interest. Emphasize a nimble vibe with desk legs in thin-profile chrome.

Left: Sunglow Walnut with Graphite high gloss acrylic modesty panels and Chrome Alcove pulls. Tackboard in Carnegie Bangle 6026-32. Britta Guest and Joy Task in Momentum Felt Melange Carbon.

Cabinets may be notched at specified locations for wire management, to accommodate power where the user needs it most.

High-gloss acrylic modesty panels and hutch doors are available in four colors: Wired Mercury, Graphite, Black, or White.

Design open-plan workstations from re-configurable components that allow users to face each other - or not. The modular, space-defining options include dual access hutches, lateral files, bench-height storage, privacy screens and full gallery screens.

Keep technology working as hard as you do. Intuitively placed power ports or wireless Charge Spots that work with enabled devices or with the aid of a Spark adapter, keep devices handy and powered throughout a busy day.
