foam

ComfortCore™

COMMERCIAL ANTI-FATIGUE MAT

Heavy-duty, cost-effective comfort

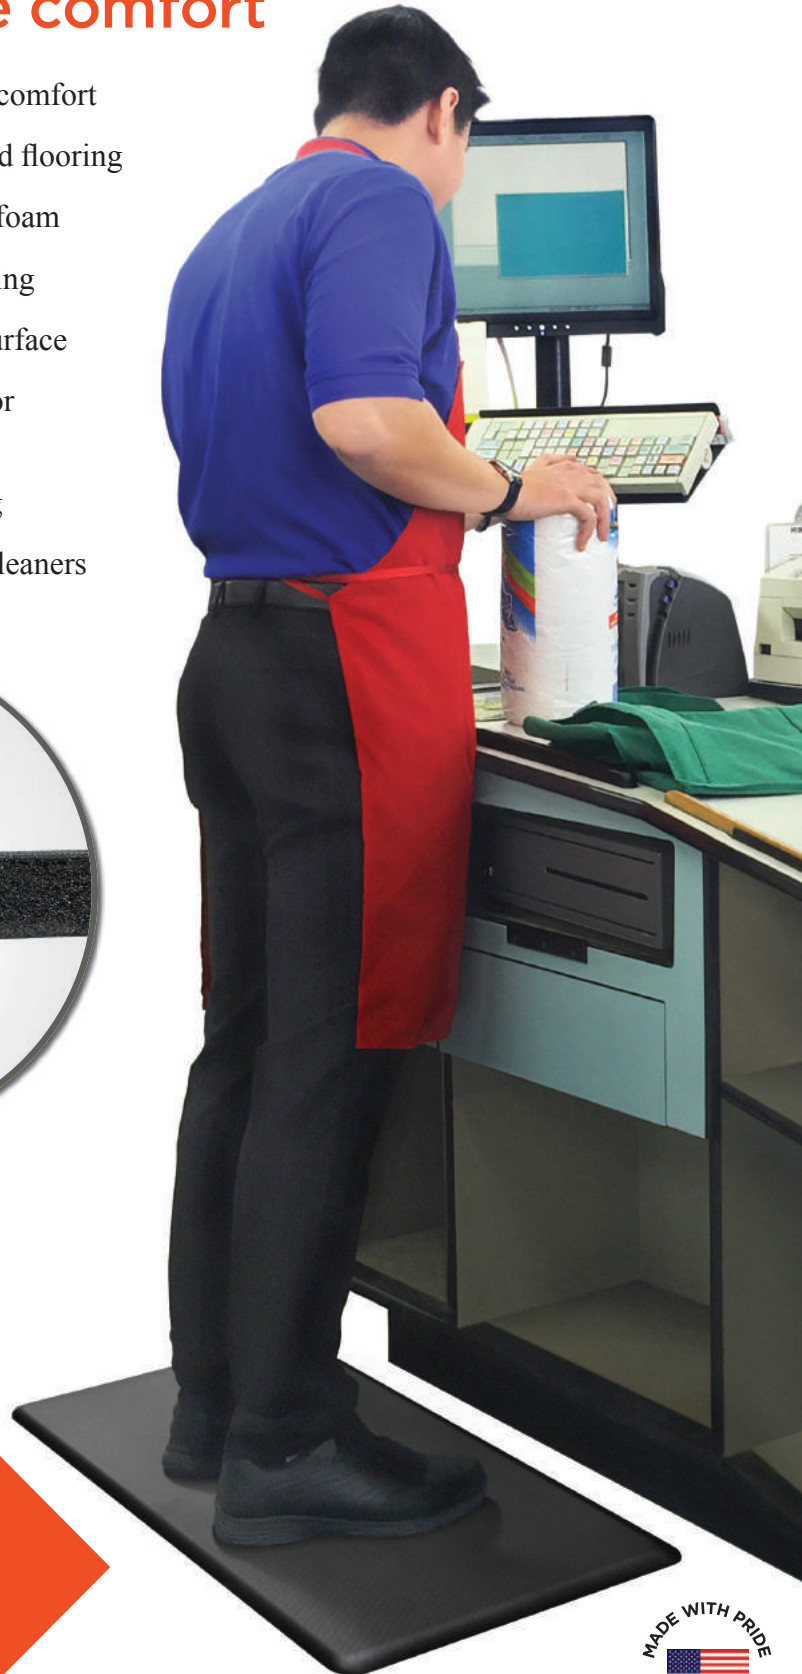

- ▶ ComfortCore™ technology reduces back, knee & foot discomfort
- ▶ Absorbs the impact and shock caused by standing on hard flooring
- ▶ Constructed with proprietary eco-friendly, polyurethane foam
- ▶ Low-profile, beveled edges help prevent accidental tripping
- ▶ Heavy-duty, stain-resistant polyurethane with textured surface
- ▶ Non-skid bottom surface with antimicrobial properties for added protection
- ▶ Resists water absorption under standard use and cleaning
- ▶ Easy-to-clean with standard consumer and commercial cleaners
- ▶ 2-year warranty

5/8 INCH THICK

Energy-return foam
reduces pressure on
feet, legs, knees & back

Ideal for Retail, Commercial, Office and
Light Industrial Work Areas
DESIGNED FOR ALL-DAY STANDING

NewLife Advantage™

An affordable solution to hard floor discomfort!

THE OLD WAY

For years the only alternative for workers that need to stand on hard flooring has been cheap, hard rubber and vinyl mats.

They offer minimal cushioning, crack and curl causing tripping hazards, and some even absorb moisture and breed bacteria. Nevermind how bad they look!

NewLife® Advantage™ Commercial Anti-Fatigue Mats not only help prevent physical discomfort and fatigue caused by standing, but are built to last in commercial work areas.
