

SITMATIC®

GOODFIT™

BY SITMATIC

THE WORLD'S MOST COMPREHENSIVE SEATING SYSTEM

Finally, a seating system that helps eliminate awkward and harmful postures using
the science of anthropometrics.

GOODFIT™ BENEFITS

Complete Back Support

Thoracic and sacral cradles merge into a lumbar crest.

Slouching or Perching

Optional backrest angle adjustment fine tunes the back support to your personal habits.

Neck & Shoulder Relief

4" of height adjustment, 4" of width adjustment and optional rotation and depth adjustment customizes elbow support to your unique size.

Intuitive Lumbar Support

Finger tip lever locks where you put it. No other chair adjusts 6".

Relaxing Motion

Synchronized control that allows your body to open as you recline. Rocking ease and rate of recline adjustable by easily reached side crank.

The Perfect Height

Seat heights for any size individual. Standard is a long 5" range adjustments with options for 5 other ranges.

Better Mobility

Oversized, 60 mm casters roll easily through plush carpet. Riveted for life-long durability. Every chair automatically receives one of four base sizes to best fit into your workspace.

THE FAMILY

LOW BACK

GU1 (Shown with #2 Seat)

Essential support & comfort. The perfect multi-task, multi-user, seating solution.

MID BACK

GU2 (Shown with #2 Seat)

Small scale ergonomics. Careful thought and design was put into designing a chair specifically for those on the petite side of the spectrum.

HIGH BACK

GU3 (Shown with #3 Seat)

The standard above all standards. Designed to fit the masses, from 5'3" to 6'5" and beyond, this chair has your back.

HIGH & WIDE BACK

GU4 (Shown with #4 Seat)

Engineered to withstand extreme usage. The reinforced base, seat and back structures provide peace of mind for many years to come.

MESH BACK

GM3 (Shown with #3 Seat)

Modern aesthetic without sacrificing your back. Depth adjustable lumbar pad for those who need more or those who like less.

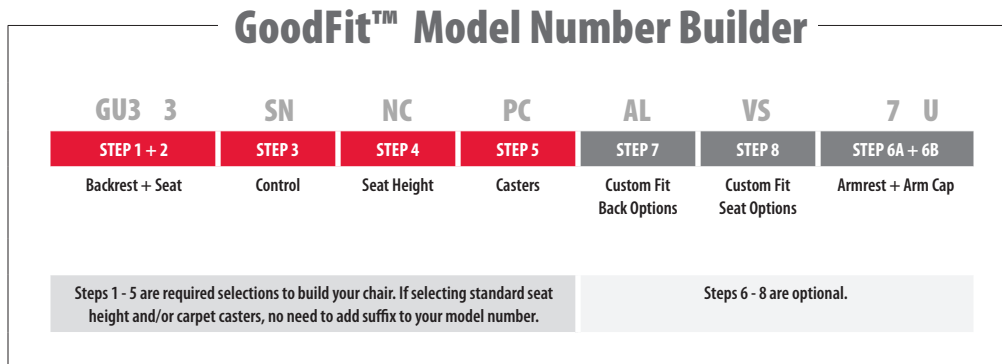

STOOL KITS

TK / MK (Shown on GU12)

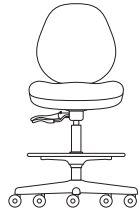

For laboratory or counter height tasks. Two stool kits; medium and tall heights, both include a height adjustable footing.
