

TAKEOFF PROTECTIVE SCREEN

Freestanding protective screens are a solution to delimit work environments safely and to maintain required social distancing. Lightweight and easily reconfigurable, the screens can be added to any type of environment to protect an individual's personal space.

CONSTRUCTION

Anodized aluminum frame and feet.

SIT TO STAND DESK COMPATIBLE

With a height of 24" it allows a standing position protection and is therefore suitable for workstations furnished with height adjustable tables.

FRAME FINISHES

Black, white, or silver.

EASY CLEAN

Easy to clean clear acrylic finish.

DIMENSIONS

48-72" W x 24" H
