EverySpace® Training Tables

designed by CSD Studio

Created to complement EverySpace's workstations, storage, and space division solutions, this freestanding tables portfolio is ideal for training rooms, learning environments, and multi-use spaces. With a variety of sizes, leg styles, and heights, including flip/nest capabilities, this tables collection can be used for anything from personal desks to training scenarios and conference spaces. Its distinct angled leg design can be painted in a wide variety of colors, adding sensible style or dramatic flair to any space.
